Judge Cara Lawrence,

BRYNTREIA

Thank you so much to all my Exhibitors that braved the cold, it was a great entry as its not an ideal venue for our beloved breed, All were feeling the cold & it really affected them, some went unplaced that in another venue could of been different. Thank you also to my able steward Tracy, for the smooth running of the ring.

Junior 8(2) 1 Tope's Falconcrag Class Act for Dewerstone. 17 month old Fawn with white trim dog One that I have admired since he was a tiny pup & today he did not disappoint, For me this boy is perfection, from the tip of his nose to the tip of his tail he really is a 'Class Act ' He has a beautiful typical houndy head with a lovely dreamy expression that flows into his lovely long arched neck, down to a smooth well laid back shoulder, a good top line & length of loin, good turn of stifle & well let down hocks, he has correct angulation fore & rear allowing him to glide around the ring with elegance, purpose & drive, good depth of chest & tuck up gives him his classical 'S' shape, he is masculine without being heavy. I'm sure this lovely lad has a very bright future. BOB, went on to take the hound group & BIS.

Open show held on Saturday 25th February 2017

Many thanks to the committee for inviting me to judge at this friendly show. I had a lovely entry with some beautiful dogs to go over and would like to thank all exhibitors who took my placings in such a sporting manner. My top winners were a credit to their owners and their breed, all were presented in good sound condition, were clean, well groomed, muscled with good breed type, which made my final choices at times `splitting hairs`. Overall dogs were entire and mouths were good. In general, some feet could have been better, a few exhibits had short tails and incorrect tail carriage which I think should be a consideration before embarking on any breeding programme.

Irish Wolfhound Puppy (3:1a) 1st Gregory's Madalinca Spring Joy Of Killoughery; An 11 month bitch with good chest and excellent head proportions. Was much more settled in the class than her litter mate, making it easy to assess her lovely free stride. BPIB & RBOB 2nd Ashton's Madalinca Spring Cu Brenn Open (3:1a) 1st Gregory's Killoughery The Baron ShCM; A statuesque male of real substance and power. Sire to the lovely puppies in the previous class, and I can see where their qualities have come from. This boy looks and feels fit for function. Excellent muscle-tone, great deep chest with ample heart and lung room, nice drawn up belly, good harsh coat and a free and easy stride on the move. BOB Borzoi Open (3:0a) 1st Pinkerton's Ujay Kilinow At Menigma JW ShCM; A dog I have often admired from a distance and he didn't let me down when I got my hands on him. He oozes breed type and is just beautifully proportioned. First and foremost, superb shoulders! Long lean head in perfect proportion to his body, good ears and dark almond shaped eyes, strong jaw and full correct dentition. This lovely head led to a long well-muscled neck without too much arch and set at a correct angle to his powerful but phenomenally elegant body. Correct chest reaching to elbows with plenty of room for this runner's engine. Nice broad loin, long fallaway and good width between hip bones. Sloping pasterns and correct oval front feet. Tail held low and carried beautifully on the move and what movement; long reaching front assembly and a powerful driving rear. This dog pushed hard for the top spot in my hound group but on the day had to settle for the runner up spot. BOB HG2 2nd Pinkerton & Cattoni-Sarman's Korsakov Radost Power Of Love Menigma (IMP); RBOB, BPIB & HPG1 Ibizan Hound Open Dog (5:1a) 1st Carters' Ch Amahte Runnin On Jamaican Time JW ShCM; A 5-year-old boy turned out in a fabulous condition, a credit to his owners. This breed is bred to jump considerable heights when hunting in the mountainous regions of its native land and I really feel this boy could pounce. Good head with correct ear, eye and dentition, long and muscular neck, steep shoulder and level back with correct fallaway at rump. He demonstrated a lovely hovering stride which is so typical of this breed and I was delighted to award him Hound Group 4. BOB & HG4. 2nd Carter & Channon's Afilador Moonlight Shadow ShCM Open Bitch 1st Carter's Amahte Bewitched (IMP); Not in the same league as her male counterpart but this bitch just took my fancy. Truly feminine, you knew she was a bitch straight away and she had elegance and class that I just couldn't ignore. She was a typical bitch and had a good old fidget but moved beautifully around the ring with a long far reaching stride. RBOB 2nd Carters Afilador Room On The Broom MSH Dachshund Open (9:2a) 1st Thomas' Royaldach's Authorised Queen JW ShCM; A little shorter in muzzle than ideal but a nice body shape with good ratio and a solid topline which she held well on the move. Nice keel and clean shoulders. Out moved her classmates. BOB 2nd Helmann's Bronia Ramona; RBOB, BPIB & HPG3 Basset Hound Open (4:3a) 1st Wilding's Nelgus Wild Jasmine; A 10mth old tri bitch with a nice head. Was a little unsettled at times but showed some real potential. Moved out nicely and had good feet although her nails could be a little shorter to aid her on harder surfaces. BOB & BPIB AVNSC Hound Open (3:1a) 1st Carters Kilcavan Issa: This Hamiltonstovare, what a character; defiantly fidgeting with a look of mischief that stole my heart. She had a lovely typey "handsome" head, which still possessed a femininity. She displayed a beautiful outline (when still!) with a deep chest, inclined croup and slightly tucked up belly. She moved out well but could be tighter coming. Needs perhaps a little less slope to her pasterns. BAVNSC. 2nd Abbott's Cotherstone Code Breaker, Deerhound. RBAVNSC AV Hound Puppy (8:3a) 1st Pinkertons Korsakov Radost Power Of Love Menigma (Imp), Borzoi; Was delighted to get my hands on this arrogant boy for a second time (and later a third). He had pushed his older kennelmate earlier in the day but lost out on maturity. A different type to my normal preference in this breed but his quality is undeniable. Clean well sloping shoulders, straight blade-like forelegs, slightly sloping pasterns and a correct overall proportioned front. Correct depth of chest, fallaway, length and breadth of loin. Good head with correct ear and eye. A little excitable in the breed class but by later in the day had calmed to display an effortless gait with long reach cushioned by his perfectly sprung pasterns and a powerful drive. He was not only my clear winner here but an easy choice for Hound Puppy Group 1 later in the day. 2

Nice typey bitch with a breed typical suspended trot. Stood like a pro and cut a lovely shape while doing so. 2nd Roberts & Spearing's Redcap Little Gem At Linkenlees ShCM Hound Group 1st Tope's Falconrag Class Act For Dewerstone JW, Whippet; WOW! This dog is stunning. He epitomizes the breed standard to my understanding. Your hands just glide over his exquisitely conditioned body to his perfect neat knuckled feet. Stands well over the ground. Excellent long, lean head with slight stop, powerful jaw, bright oval eyes, fine rose bud ears and correct bite. Elegant, long, arched neck to clearly defined shoulder blades. Good straight forearm with slight spring to pastern. Deep chest with ample room for this running breed's big heart and lungs. Solid rear, hocks well let down and a very well developed second thigh. These qualities all came

together to produce text book movement that I defy any dog-man or woman to not smile at. He throws his forelegs forward with such purpose and powers forward with his rear. Today there was no argument to his name, he appeared every bit the "Class Act". 2nd Pinkerton's Ujay Kilinow At Menigma JW ShCM; See Borzoi class 3rd Roberts & Spearing's Linkenlees Lyric, Beagle; Just my cup of tea. Not the first time I've judged this delightful little bitch. A soft expression that could melt the cold heart sat on a long neck that could easily drop her head to scent. Level topline. Clean, well laidback shoulders, short pasterns, firm elbows, correct feet, good depth of chest, well bent stifles, true coming and going. Lovely, Lovely, Lovely bitch who, on another day, could have taken a group easily. She is still very young and I am very sure has a bright future. She was also my puppy group 2. 4th Carters' Ch Amahte Runnin On Jamaican Time JW ShCM; See Ibizan hound open dog class.

Carries herself well for a youngster. Good feet, clean shoulders, level topline and moves out well. Demonstrates lovely drive from a correct stifle. 4th Taylor's Selinko Lady Lydia At Musblaiks, Whippet; A nice shaped bitch with a good head. Correct topline into broad thighs. Well bent stifles which were used to propel her forward on the move.

### **YKC HANDLING**

All these youngsters where very professional, I asked everyone the same questions that I thought they should know & I didn't catch any of them out. All knew their breeds & what coat care was needed for their respective breeds & also what they were bred for. I asked for various patterns & it was only when the 3 winners from each age group competed against each other that I felt that my younger handler Emma, who was asked to do something she had never done before, executed it after watching the two older handlers, to perfection. She spoke to her dog the whole time & for this I felt she was a worthy overall winner.

6-11

1<sup>st</sup> Emma Sweet; Handling a PLS. answered all my questions and did exactly as I asked.

12-16 ( 7)

1<sup>st</sup> Poppy Wynter ; Handling a WHFT, answered clearly & new about her dogs coat..

2<sup>nd</sup> Elise O'Conner; Handling a Tib Terrier,

3<sup>rd</sup> Izzy Perry; Handling a Eng Toy Terrier

4<sup>th</sup> Meaylee Lewis; Handling a Flatcoat Ret

17-24 (9)

1<sup>st</sup> Katie Pinkerton; Handling a Borzoi, very confident handler executed her patterns to perfection & what her breed was breed for.

2<sup>nd</sup> Charlotte Woodward; Handling a Lakeland Terrier

3<sup>rd</sup> Chloe Davey; Handling a Dobermann

4<sup>th</sup> Harvey Small; Handling a Labrador
